Whirlpool® **Cabrio® High-Efficiency Laundry** with 6th Sense™ Technology

Whirlpool® brand's Cabrio® laundry pair provides intelligent fabric care to keep your clothes looking newer longer*.

6th sense® technology

Pre-Treats Stains

Precision Dispense provides a concentrated burst of detergent and water directly onto clothes to help eliminate the need for pre-treating.

Large Capacity

The new Cabrio® washer gives you extra top load capacity to handle big loads and bulky items, like comforters.

Smoothes Wrinkles

The Cabrio® dryer with Wrinkle Shield™ Plus Option tumbles clothes every five minutes after the cycle is complete to help prevent wrinkles from setting into clean, dry fabrics.

Uses Less Energy

Eco Monitor with **EcoBoost™** manages water temperature, cycle time and wash motions to determine the most energy-efficient options for each load.

Best Possible Performance

6th Sense™ Technology adapts to every load to deliver outstanding cleaning and fabric care.

Saves Water

All Cabrio® washers are CEE Tier 3** rated, using up to 76% less water*. Plus, with the **H2Low™** water system and Cabrio's unique **Auto Load Sensing**, not a drop is wasted.

Purchase your Cabrio® pair today, and remember to:

- Measure the dimensions of the doorways leading into your house and laundry room.
- Evaluate the electrical, gas and plumbing systems in your home, and contact licensed professionals for necessary upgrades or installations.
- Ask your retailer about promotions and offers on Cabrio laundry pairs that are currently available in your area.
- Contact your local municipality to determine the most ecologically responsible way to recycle your old appliances.
